FOR FURTHER INFORMATION CONTACT: Malcolm Mohead, (301) 427-8401.

SUPPLEMENTARY INFORMATION: Permit No. 16436 was issued April 6, 2012 (77 FR 21754) to the Permit Holder to capture Atlantic sturgeon life stages in the Hudson River estuary to assess juvenile abundance, characterize the adult spawning stock, and generate population estimates. Atlantic sturgeon were authorized captured with gill nets, trammel nets, and trawls; measured, weighed, tissue sampled, fin clipped for aging, PIT tagged and Floy tagged, internally and externally acoustic tagged, anesthetized with 150 ppm MS-222, and gastric lavaged.

The permit modification (Permit No. 16436-01) now consolidates takes of shortnose sturgeon issued in Permit No 16439 with those Atlantic sturgeon authorized in Permit No. 16436. Permit No. 16439 was terminated upon issuance of the modification. The takes of both Atlantic and shortnose sturgeon were increased in the modification to meet further objectives, including understanding impacts on each species from (1) construction of the Tappan Zee Bridge; (2) laying high voltage cable in the Hudson River; and (3) measuring contaminants levels in the Hudson River. New methods authorized in the modification include contaminant research sampling by performing laparoscopic liver biopsy, and anesthetizing animals with 250 mg/l MS-222 and electro-narcosis. A total of three incidental mortalities of shortnose and Atlantic sturgeon are now authorized annually as a result of increased research activity. The modification would be valid through the original expiration date of Permit No. 16436 on April 5, 2017.

Issuance of this permit modification, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith; (2) will not operate to the disadvantage of such endangered or threatened species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

Community Broadband Workshop

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Telecommunications and Information Administration (NTIA) will hold a one-day regional workshop, "Building a Community Broadband Roadmap: Lessons in Implementation," to share information to help communities build their broadband capacity and utilization. The workshop will present best practices and lessons learned from network infrastructure build-outs and digital inclusion programs from Minnesota and surrounding states, including broadband projects funded by NTIA. It will also explore effective business and partnership models and will include access to regional policymakers, federal funders and industry providers.

DATES: The Community Broadband Workshop will be held on September 4, 2014, from 9:00 a.m. to 5:00 p.m., Central Time.

ADDRESSES: The meeting will be held in the Hyatt Regency Minneapolis Northstar Ballroom at 1300 Nicollet Mall, Minneapolis, MN 55403.

FOR FURTHER INFORMATION CONTACT: Karen Hanson, National Telecommunications and Information Administration, U.S. Department of Commerce, Room 4628, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0213; email: khanson@ntia.doc.gov. Please direct media inquiries to NTIA's Office of Public Affairs, (202) 482-7002.

SUPPLEMENTARY INFORMATION: The Community Broadband Workshop—Building a Community Broadband Roadmap: Lessons in Implementation—will include an NTIA presentation that discusses lessons learned through implementation of its broadband grants, and a panel that will explore key elements required for successful broadband projects using a mix of regional examples. Topics will include marketing/demand aggregation, outreach, coordination with government agencies, partnership strategies, construction and oversight. Another panel will examine business model options, including private networks, public/private partnerships, co-ops and municipal systems. The workshop will also include a panel discussion with

federal and private funding entities that support investments in broadband infrastructure and adoption. NTIA will provide tips to communities on how to research funding options, make a compelling case to funders and leverage multiple federal and state funding streams.

The workshop will be open to the public and press. Pre-registration is required, and space is limited. Information on how to pre-register for the meeting will be available on NTIA's Web site: www.ntia.doc.gov/workshop. NTIA will ask registrants to provide their first and last names and email addresses for both registration purposes and to receive any updates on the workshop. If capacity for the meeting is reached, NTIA will maintain a waiting list and will inform those on the waiting list if space becomes available.

The public meeting is physically accessible to people with disabilities. Individuals requiring accommodations, such as language interpretation or other ancillary aids, are asked to notify the NTIA contact listed above at least five (5) business days before the meeting.

Meeting updates and relevant documents will be also available on NTIA's Web site at www.ntia.doc.gov/workshop.

Dated: July 30, 2014.
