QUARTERLY REPORTING
Required Reports

During the period of performance, the recipient shall submit performance progress and financial reports on a calendar year quarterly basis for the period ending March 31, June 30, September 30, and December 31, or any portion thereof. All reports should be submitted electronically, unless otherwise directed by the grants office and program office.

Performance Progress Report (PPR) Common Errors

• List Project Deliverable Quantity (#11)
  ➢ List data reflecting *actual* achievement during the reporting quarter

• Describe the progress you made or challenges you encountered in meeting each major activity/milestone (#11b)
  ➢ Provide a narrative summary on progress and accomplishments, describe challenges faced particularly if the challenges have impeded progress in meeting milestone activity goals. Activities described in this section should also match the achievements numbers listed in section 11.

• List potential baseline and expenditure (B/E) plan changes, additional data and/or best practices (#11 b, c and d)
  ➢ Please indicate if you plan on deviating from your B/E plan goals in the upcoming quarter. Provide any information you think would be useful to NTIA. Provide any best practices.
PPR Common Errors (continued)

• **Staffing Table (#12b)**
  - List any staff who worked on SLIGP during the quarter. Please provide their FTE. Also include any staffing changes.

• **Budget Worksheet Chart (#14)**
  - Please round all totals reflected in the chart to the nearest whole dollar
  - Columns 2,3 and 4 should match your current approved budget
  - Row “i” for columns 5,6,7 should reflect the cumulative % spent through the reporting period. Total funds expended should equal 100%

• **Budget Worksheet Chart (Total Costs #14) and SF-425**
  - The total federal funds expended (Column 5, Row H) and the total matching funds expended (Column 6, Row H) should match the total federal share and total non-federal share as reported in your SF 425 (10.e and 10.j)
Federal Financial Report (FFR) SF-425

The FFR must reflect obligations and expenditures, which occurred during the reporting period.
FFR Common Errors

- Federal Grant or Other Identifying Number Assigned by Federal Agency (#2)
- Project/Grant Period (#8)
- Cash on Hand (#10c)
- Total Federal Funds Authorized (#10d)
- Total recipient share of expenditures (#10i)
- Signature of Authorized Certifying Official (#13b)
MONITOR MATCH
PROPORTIONALITY
Match Requirements

- Pursuant to section A.03 of the DOC Standard Terms and Conditions, the non-federal share, whether in cash or in-kind, is expected to be paid out at the same general rate as the federal share.
- If you are unable to meet match proportionality requirements, you must request a proportionality waiver from the grants office.
Match Proportionality Requirements

Sample

**Total Project Budget**
- Federal: $80,000
- Match: $20,000

**Q1 Actual Expenditures: In Proportion**
- Federal: $4,800
- Match: $1,200

**Q2 Actual Expenditures: NOT In Proportion**
- Federal: $30,000
- Match: $1,500
Match Requirements

Tracking Match Contributions

• Contributions must be allowable, allocable, reasonable and documented
• Costs/contributions must be verifiable from the records of recipients and subrecipients or contractors
• Match contributions should be entered into your accounting system, as practical, and must be reported on the SF-425

Match Requirements

Tracking Match Contributions

- Records must show how the value assigned to third party in-kind contributions are derived
- Volunteer services should be documented using the same methods that the organization uses to support the allocability of regular personnel costs, to the greatest extent possible
- Recipients should establish a process for valuing and documenting all match contributions that will hold up to scrutiny in an audit
SUBRECIPIENT GUIDELINES
Subrecipient Requirements

Pursuant to section I.02 of the DOC Standard Terms and Conditions, the recipient shall require all subrecipients, including lower tier subrecipients, under the award to comply with the provisions of the award, including applicable cost principles, administrative, audit requirements and all associated terms and conditions.
Subrecipient Requirements

A revised Special Award Condition has been created to ensure that recipients comply and understand the subaward agreement guidelines.

HUMAN SUBJECTS
RESEARCH PROTECTION

SLIGP
State and Local Implementation Grant Program
Human Subjects Research Triggers

The term “research” means a **systematic investigation** *(e.g., surveys, interviews, observations, research development of testing, and evaluations)* designed to develop or contribute to **generalizable knowledge**. To determine whether research contributes to the generalizable knowledge ask:

- Will the information collected be applied beyond a particular program?
- Will you examine whether the program had the desired effect on program participants to inform other programs?
- Do you intend to replicate the program?
- Is the activity designed to draw general conclusions?

The term “human subject” means a living individual about whom an investigator conducting research obtains (1) data through intervention or interaction with the individual or (2) identifiable private information.
Human Subjects Research (HSR) Memo

If you believe you are conducting human subjects research:

1. Talk to your FPO
2. Submit an exemption request (exemption request 1: conducting a systematic investigation involving human subjects) to SLIGP@ntia.gov copying your FPO

If you determine you are not conducting human subjects research (majority of recipients):

1. Submit a memo stating you are not conducting systematic investigation to SLIGP@ntia.gov copying your FPO

AWARD MODIFICATIONS
Modification Guidelines

Pursuant to the DOC Standard Terms and Conditions section A.04, requests for budget changes to the approved estimated budget in accordance with the provision noted in the terms and conditions must be submitted to the grants office who shall make the final determination on requests and notify the recipient in writing.
Modification Guidelines (continued)

• Recipients will likely make changes to their program staffing, activities, and budgets during the grant period.
• There is flexibility to make changes as part of the day-to-day implementation and management of their projects.
• Some changes to the grant need prior approval by the program office and grants office.
Prior Approval Overview

Prior Approvals

- Change in scope
- Change in AOR/SPOC
- Change in recipient’s organization
- Significant budget modifications
- Extension of budget project period
- Match proportionality
- Transfer of significant programmatic activities to a subrecipient
- Shift from direct to indirect costs and vice versa
- Shift of costs not previously included in approved budget
- Shift from direct to indirect costs and vice versa
- Shift of costs not previously included in approved budget

SLIGP State and Local Implemention Program
Award Modification Required Documentation

- For key personnel changes submit:
  - SPOC: Letter of designation signed by the Governor for the new SPOC.
  - AOR: Letter indicated change including full name, title and contact information for new AOR.

- For budget modifications submit:
  - Budget modification request
  - Revised SF-424A
  - Revised detailed budget
  - Revised budget justification

- For programmatic activity modifications:
  - Discuss with your FPO
SITE VISITS
Site Visits

**Who:** Any SLIGP recipient may receive a site visit. Typically, the federal program officer (FPO) will attend. Grants office staff or other personnel may also attend

**What:** Site visits provide an opportunity for FPOs to programmatically engage in-person with recipients for at least a day

**Where:** Site visits generally occur at the recipient's headquarters and/or the location(s) of project implementation

**When:** NTIA notifies recipients well in advance of a site visit, and coordinates to ensure that recipient staff are available

**Why:** Site visits help federal staff get a more complete picture of a project’s status and challenges through in-person meetings and document review sessions, and is an opportunity to observe programmatic activities
